

A Rainbow

Is as red as rose in a garden.

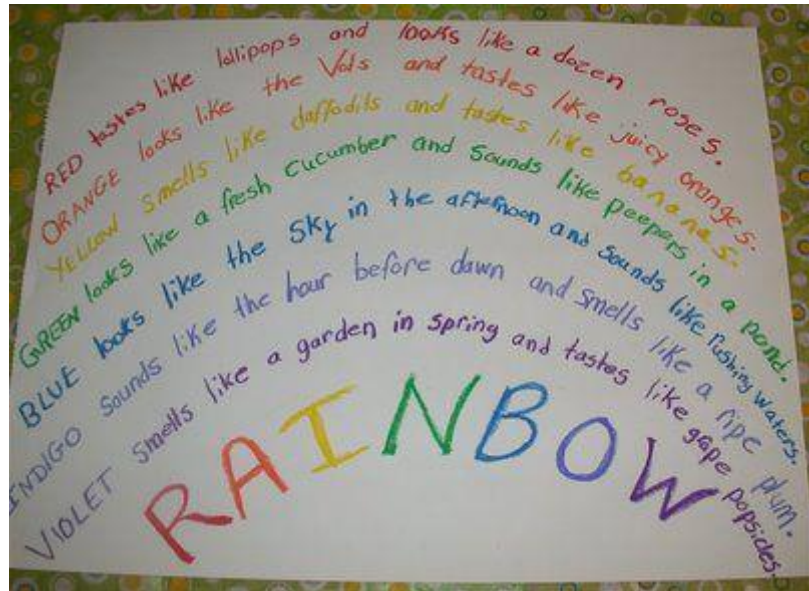

Is as orange as the sun on a hot day.

Is as yellow as my clock in school.

Is as green as grass on a field.

Is as blue as the sky up high.

Is as violet as my colouring pen.

A Rainbow

Curving up, then down.

Meeting blue sky and green earth

Melding sun and rain.

Concrete Poetry Example for Kids

The rainbow is my
favorite thing. The rainbow,
makes me want to sing. So big and
beautiful it is, with all its different colors.
It comes from one big pot, which is filled with
golden dollars. The colors in the rainbow are, yellow,
orange, blue, green, red. All of my favorite
colors, the same ones on my colorful bed.
I love to paint little rainbows, even when
I am sad or in pain. The colors take all my
sadness away, And I am happy again.

A SMILING BLANKET
DECORATING THE SKY,
A COLORFUL BRIDGE REACHING
OVER TO TOUCH THE GROUND,
IT IS DEFENDING THE RAIN
FROM REACHING THE EARTH.
ITS LIKE A COLORFUL SCOOP
OF ICE-CREAM STRETCHING
INTO YOUR CONE,
A BRIGHTLY COLOURED BRUSH
STROKE PAINTING THE SKY
WITH BEAUTIFUL COLOURS.
